Unless otherwise stated recipes are for 4 people of average appetite as part of a two or three course meal. Temperatures are given in centigrade, for fan oven, flour is plain flour, mustard is English. Ingredients in square brackets are optional or can be substituted

Dietary classifications based on the condiments I use - baking powder and curry powder are gluten free but soy sauce is not. Not all variations or serving suggestions necessarily meet the classification. Many recipes could be easily adapted by simple substitutions, such as oil for butter.

Gently sweat the onion, courgettes and garlic in oil and butter in a closed pan for 5 minutes (stir occasionally) until the onion is softening but not coloured. Cover with stock, bring to a simmer and simmer until the vegetables are well softened.

Process until smooth.

When ready to serve, make up to four bowls-full with more stock, reheat then stir in the cheese and season to taste. Take in bowls to the table carefully float some creme fraiche on top and drizzle some basil oil or pesto over the top. Hand pesto if desired.

Accompaniments:

Crusty bread.

Butternut & peanut soup

A curried butternut soup

1 butternut squash peeled, de-seeded and diced, 1 oz butter, 1 onion finely chopped, 1 stick celery finely diced, 2 tsp mild curry powder, 4 tbsp crunchy peanut butter, finely chopped ginger, veggie stock cube, milk, lemon juice, black pepper

Method

Melt butter in large pan and add the onion and celery and simmer gently covered for 5 minutes, stirring occasionally. Add curry powder and ginger and stir 1 minute. Serve & garnish with toasted peanuts if desired.

Soups 1.2

Curried lentil

Lentils and onion provide the body for a warming soup for a cold day. Add favourite flavourings to taste. Add other vegetables with the lentils and simmer for a curried vegetable soup.

Ingredients

1 oz/30 g butter, 1 chopped onion, 1-2 tsp curry paste/powder, garlic, 1 inch fresh ginger diced finely, 1 oz/30 g red lentils per person.

Method

Sauté the onion in the butter for about 10 minutes until well golden then add ginger and garlic and continue for 3 minutes; add the curry paste, stir in the washed lentils and add water. Simmer until tender, about 20 minutes. Adjust the liquid and season. Liquidise if preferred.

Variations:

Add chopped smoked bacon and sweat before adding the lentils. Finish with a little cream or ground roasted peanuts.

Substitute diced parsnip for the lentils for a sweet and spicy soup. Add some tomato paste after the garlic.

Accompaniments:

A fresh crusty wholemeal loaf completes the protein balance.

Moroccan carrot

Carrot soup can be boring; this one isn't

Ingredients

1 leek, 1 onion, 1 lb carrots, 1 oz butter, ¼ tsp ground turmeric, ¼ tsp ground cumin, ½ inch ginger, ¼ tsp paprika, stock, seasoning
Chermoula: 2 oz/55g fresh parsley, 1 clove garlic, ¼ tsp ground coriander, ¼ tsp ground cumin, 2 fl oz/60ml olive oil, juice ¼ lemon

Method

Soups 1.3

Sweet pepper & sweet potato

This soup has a warm colour and a sweet taste. The peppers are roasted to bring out the flavour

Ingredients

Three red peppers, 1 onion, 1 large sweet potato, passata, stock or water, 1 inch fresh ginger diced fine, turmeric, paprika

Method

Quarter and grill the peppers skin side up until charred all over (or use a hot oven/or flame if preferred). Place in a bowl and cover with a plate. When cool, peel off the charred skin and remove the pips etc.. Dice and sauté the onion and ginger in a little oil or butter then add the turmeric, paprika and the diced sweet potato and peppers and sweat until soft. Add some passata, or a small tin of chopped tomatoes (or just stock or water), liquidise and adjust consistency with stock or water, and add seasoning . Reheat.

Variations:

Instead of using sweet peppers, use butternut squash. Dice and sweat with the sweet potato. Add a little sage and lemon juice

Soups 1.6

Prawn & Fennel Bisque

Ingredients

450g raw tiger prawn in their shells, 4 tbsp olive oil, 1 large onion, chopped 1 large fennel bulb, chopped, fronds reserved, 2 carrots, chopped, 150ml dry white wine, 1 tbsp brandy, 400g can chopped tomato, 1litre fish stock, 2 generous pinches paprika, 150ml double cream,

Method

Shell the prawns, then fry the shells in the oil in a large pan for about 5 mins. Add the onion, fennel and carrots and cook for about 10 mins until the veg start to soften. Pour in the wine and brandy, bubble hard for about 1 min to drive off the alcohol, then add the tomatoes, stock and paprika.

Cover and simmer for 30 mins. Meanwhile, chop the prawns.

Blitz the soup as finely as you can with a stick blender or food processor, then press through a sieve into a bowl. Spend a bit of time really working the mixture through the sieve as this will give the soup its velvety texture.

Tip back into a clean pan, add the prawns and cook for 10 mins, then blitz again until smooth. You can make and chill this a day ahead or freeze it for 1 month. Thaw overnight in the fridge. To serve, gently reheat in a pan with the cream. If garnishing, cook the 8 prawns in a little butter. Spoon into small bowls and top with the prawns & snipped fennel fronds.

Variations:

If fennel is not available use a large leek a stick of celery & fennel seeds.

Salmon and prawn soup

Ingredients

knob butter, 1 onion, finely diced, 1 leek, quartered and finely sliced, 1 stick celery and 1 small bulb fennel, both finely diced, a few saffron strands, 650ml hot fish stock, 4 cloves garlic, crushed, small tin tomatoes, chopped, 1 tbsp tomato purée, 150ml white wine, 500g new potatoes, quartered, 260g salmon, skinned and cut into 2cm pieces, 250g large prawns, 75ml double cream, 2 tbsp fresh dill

Method

In a large pan cook the onion, leek, celery and fennel over a gentle heat in butter until completely soft (15 min). Add the garlic, tomatoes and tomato purée. After 5 min add the wine, saffron, and fish stock, seasoning and potatoes. Simmer 15-20 mins until just cooked, then add the salmon and prawns and cook for a further 5 min. Stir through the cream and dill.

Soups 1.7

Chicken and fennel soup

This recipe can be adapted to meats. Serves up to 6

Ingredients

2 chicken breast fillets or chicken thigh fillets, 1 small onion sliced, garlic, 2 bulbs fennel, quartered, tops and stem removed and sliced against the grain, 2 sticks celery thinly sliced, 1 large carrot diced, teaspoon fennel seeds, tsp dried tarragon, ¼ tsp thyme, ¼ celeriac or white cabbage, stem removed and chopped, knob of butter, dash of oil, tsp curry powder.

Method

In a medium pan, slowly soften the onion and garlic in the oil and butter and fennel seeds. Add the vegetables, herbs and spices, stir and sweat gently, covered for 5 minutes then add hot chicken stock or a cube plus enough boiling water to cover and re-cover. Simmer gently for 30 minutes. Test and season. The contents of the pan can be consumed as a stew or blitzed to form a soup.

Variations:

Different selections of vegetables can be used. Replace cabbage with celeriac. After blitzing add some noodles and cook through. Pork fillet could be used in place of chicken, in which case try Chinese flavourings - star anise/five spice powder, ginger and soy sauce.

Quick meat soups

Use a ready made stock and cooked meat or a stir-fry quality meat, (chicken breast, duck breast, fillet steak, pork fillet,) in fine strips. Bring appropriate stock to boil with flavourings (e.g. lemongrass, star anise, carrot, celery) simmer 20 minutes and strain. Ingredients

2 tbsp olive oil, 1 medium onion, roughly chopped, 3 garlic cloves, smashed and peeled, 1 tsp fennel seeds, 2 rounded tsp mild curry powder, ½ tsp cinnamon, 1 medium head cauliflower, in small florets, 1 dessert apple, peeled and roughly chopped, 650ml chicken/vegetable stock, salt, black pepper, 2 tbsp honey (optional, to taste), up to 125ml double cream, 2 oz Parmesan cheese finely grated, optional. Garnish: 1 dessert apple, peeled and finely diced, ¼ tsp curry powder.

Starters 2.1

Choosing a starter

Starters are for dinner parties. They should be light and interesting to tantalize our taste buds and increase our appetite. As an introduction to the meal, the flavours may be coordinated with the main dish, and act as a balance to the rest of the meal, nutritionally or size-wise.

Antipaste/cold plate

Tasty pieces of cold meat, fish and vegetables assembled to make up a buffet style mini-main course. See cold plate ideas.

Mousses, Pates or Terrines & Dips

Typically served with biscuits or hot toast

Stuffed or Unusual Vegetables

A vegetable hot or cold is heightened by a complementary filling or hot butter or mayonnaise. See also items marked **S** in vegetable section.

Salads

A good start to a summer meal is a crisp cool individually presented mixed salad. See items marked **S** in salad section.

Egg Dishes

Eggs can be stuffed (2.9), baked en cocotte (2.8) or in quiche (7.1) or soufflé (6.8).

Shellfish & Fish Dishes

Prawns, scallops and smoked fish are most appropriate. See items marked **S** in fish section.

Gnocchi/Quenelles/Spetzli/Pasta/Polenta

Small portions of a main dish recipe - very Italian! See section 5 and 6.14 (polenta)

Gratins, Flans or Tarts

These can balance a light main course. Ideally prepared and served in individual pots.

Imam Bayildi

No-one knows why the 'Imam fainted'. Slowly caramelising the onions is essential to the flavour of this westernised and lighter version. Serve warm or cold.

Ingredients

1 large aubergine or two small (or enough for one large slice or three small each), enough ripe beef tomatoes that match the diameter of the aubergines, 1 large onion or 2 medium, chopped, 3 chopped garlic cloves, 2 tbsp olive oil, 1 lemon, parsley or coriander leaves, 1 tsp sugar.

Method

Slice the aubergines cross-wise into 1cm disks, checking there's enough for each person. Place in a bowl and sprinkle with salt; leave to drain 30-60 minutes. Drain, rinse and pat dry. Rub liberally with olive oil and grill or fry in a nonstick frying pan until soft and well browned (typically 15 minutes - test with a skewer) without adding more oil. Slowly fry the onion, garlic and sugar in the remaining oil, turning over occasionally, until caramelised, 20-25 minutes. Store in individual containers in fridge until required. To serve, arrange on individual plates with a squeeze of lemon and a drizzle of olive oil if dry, and black pepper. Carefully arrange the onions exactly over the aubergines and top with similar sized slices of tomato. Finish with parsley, oil, lemon juice and seasoning.

Variations:

Top with basil leaves and/or pine nuts (lightly toasted).
Add a hint of cumin powder before frying.

Set oven to 180°C. Grease the ramekins with butter. Heat the sauce and divide between them. Crack an egg into each. Season. Stir the crème fraiche to slacken it and gently float over the eggs. Starters 2.9

Globe Artichokes

You'll need a very large pan for these!

Ingredients

For the artichokes: 4 globe artichokes, 1 lemon, halved.

For the sauce: 1 glass dry white wine (about 100ml/3½fl oz), juice of 1 lemon, 200g butter, 25g parmesan freshly grated.

Method

Remove about four of the toughest outer leaves of each artichoke, exposing the stalk. Either pull the stalk out or cut it off flush. Either way create a flat bottom for the artichoke to sit on. With a large serrated knife, carefully slice off the top quarter of each artichoke and discard.

Then, with a pair of scissors, trim away the tips of all the leaves.

Bring a large pan of salted water on to the boil (big enough to take all artichokes) with the lemon halves.

Drop the artichokes into the water and boil for 40-45 mins. Test to see if they're done by probing the base with the pointy end of a knife - when it's tender, they are done

For the sauce: Dice the butter. Pour the wine into a pan, reduce by half, reduce heat and whisk in the butter one small piece at a time.

Whisk in the Parmesan and lemon juice.

To eat: Pull off the leaves, dip the broken end into the sauce, suck off the soft flesh and discard the rest. When you reach the middle, lift out the central leaves, scrape away the hairy choke and eat the artichoke heart.

Other dips:

A simple vinaigrette; melted butter; Mayonnaise; lemon Mayonnaise; garlic butter - offer a choice.

Stuffed eggs

Place the eggs in a saucepan and cover with cold water. Bring to a simmer and time for 8 minutes. Replace water with cold. Peel under the tap. Cut lengthways, remove the centres and combine with mustard, Mayo, finely grated cheese. Refill and assemble in pairs., in a serving dish. Pour over a mixture of mayo, creme fraiche, pepper and mustard to taste with a consistency of thick cream.

Starters 2.10

Gratin Bake

You'll need 4 small, individual oven proof pots for these. A whole range of pre-cooked ingredients could be used. Below is an illustration.

Ingredients

4 oz/110g bread crumbs, 2 oz/55g butter, 2 cloves finely chopped garlic, 5-10 fl oz/30-60ml double cream, 4 oz/110g sautéed diced mushrooms, 4 oz/110g diced cooked bacon or ham or flaked tin of tuna, 4 oz/110g grated cheese, zest of lemon, pepper

Method

Lightly brown the bread crumbs with the butter, half zest of lemon, garlic, salt, pepper, any herbs and distribute half of it between the pots. Add layers of the other ingredients finishing with the cheese. [This far you can do in advance]. Season the cream and pour over before topping with the remaining bread crumbs. Bake in a hot oven 180° 15-20 minutes until warmed through and the top is sizzling.

Variations:

You can also use cooked prawns, sliced hard boiled eggs, wilted spinach, chopped, cooked broad beans or cauliflower, browned onions.

For a richer sauce, mix an egg yolk with the cream or use a different sauce. For a lighter sauce create a flavoured bechamel.

Meat Course 4.1

On meat and poultry

Meat consists of bone, gristle, fatty tissue and muscle tissue, each with its own characteristics and cooking rate. Muscle, which provides the protein, is in the form of fibres. which can cause one form of toughness. The fibres can relax at the butcher's and benefit from hanging, but as heat is applied, they initially contract, toughening the meat. With continued cooking in moist surroundings they eventually relax again and start to disintegrate but if dry will remain tough. For this reason, meat is usually cooked fast and quick (if originally tender) or long and slow (if tough; the parts of the animal which work hardest are both the toughest and tastiest parts - e.g. the front legs and necks of grazing animals). Meanwhile, fat provides flavour, succulence and richness and good meat should be marbled with it. Cooking gradually melts the fat, keeping the meat moistened. Collagen (gristle) provides flavour and glossiness good for stock but takes the longest to cook, melting into gelatine and relaxing its toughness. To maximise the benefits of all constituents cook young, tender meat fast and absolutely no more than necessary, serve pink after allowing a while for meat to relax; cook old or tough meat long and slow in a moist atmosphere, perhaps after an initial high temperature to enhance the flavour by browning.

Here in detail is a complete and dependable meal for a winters evening. Check your local supermarket for a prepared joint in a tin

Ingredients

A small good quality boneless joint total weight 18-20oz/540g, roasting potatoes, parsnips, a green vegetable, oil. Allow 90 minutes.

Chicken: a large breast around stuffing/sausage meat. Wrap with bacon and tie.

Pork: small boned loin or leg joint, plus apple sauce/puree to cover

Lamb: loin plus red currant sauce Veal: fillet or stuffed escalope.

Beef: fillet or rump with breadcrumbs, olive oil, mustard & garlic crust

Method

1. Set a large pan of water to boil. Place the joint in a small greased roasting tin or bread tin that neatly takes the joint and cover the surface with sauce if specified.
2. Peel parsnips and cut once lengthwise (unless very small), then crosswise, then cut the thick ends lengthwise. Peel the potatoes, cut into slightly larger chunks. Set oven (with two shelves) to 180° C.
3. When the water boils, add the peeled vegetables to the pan and bring to a simmer. Set the timer to 5 minutes. Pour some oil in a wide, flat roasting tin and place in oven.
4. When the roasting vegetables have had their time, drain and season with salt and pepper. Shake the pan to roughen the edges and shake into the hot roasting tin. Place in the oven, which will now be to temperature.
5. Place the joint in the oven. Set oven timer for 50 minutes. (Rarer beef :add after 10 min and set to 40) Every 20 minutes or so turn the vegetables.
6. Clean the pan, part fill with water and bring to a simmer. Meanwhile prepare the beans, broccoli or greens.
7. When the timer rings, check the joint by inserting a skewer in the thickest part. Juices should run clear. Return to oven until they do then remove and set to one side.
8. Add the vegetables to the pan and bring back to the boil, uncovered. After 4 minutes test al dente. Test each minute and drain when ready. By now the roast vegetables should be ready. Switch off oven. Remove the joint from the tin, stir the remaining juices, diluting with a little stock if necessary and keep warm (with the plates) in the oven for gravy. Pour this at the last minute.

A brown stew (lamb,beef venison)

This works with any red meat. Browning the meat intensifies the flavour, but can be omitted when in a hurry or for gluten free option

Ingredients

3oz/80g **per person** sliced lamb neck fillet OR diced stewing beef OR farmed venison, flour, large onion, 3 carrots, tin of chopped tomatoes, 2 sticks celery, butternut squash deseeded and cut into cubes, sweet potato, potato, fresh spinach (optional), stock cube, 2 tsp curry powder, rosemary. Cooking time 1¼ -1½ hours lamb, 2-2½ hours beef

Method

Chop the onion, celery and carrots and fry gently in a large enamelled iron casserole in a little oil and butter, stirring occasionally, until golden. (About 20 minutes) Meanwhile season and dust the meat with flour and brown well in a nonstick frying pan in batches. Add to the onions (including brownings) and stir in curry spices then a dash of vinegar and small pinch brown sugar. Add the tin of tomatoes, bay leaf, rosemary, then boiling water to barely cover and a beef stock cube. Stir, and bring to simmer and cook covered. 1½ hours before serving, peel and chop the sweet potato and butternut and add to casserole. Adjust liquid if required, to barely cover. Add sliced potato as a topping and sprinkle with rosemary. Return to boil re-cover and continue on the hob OR move to a preheated oven set at 170°, removing the lid 30 minutes before serving. If on the hob the casserole is rather sloppy partially remove lid.

Variations:

Other suitable vegetables include mushrooms, open or closed, fennel, celeriac. Dried fruit can also be added.

You could add rosemary dumplings (11.8) to the Hot-pot if space allows, in which case add 30 mins before serving & keep covered.

For a perfectly acceptable alternative use rice in place of potatoes; add 1 oz/30g per person about 25-30 minutes before serving (see packet) and the ideal rice is Bomba. Make sure the grains are submerged and after 10 minutes scrape the bottom to check they are not sticking and top up with boiling water if required. Marinated pitted black olives added at the same time can give the casserole a lift.

Cassoulet

Beans combine so well with fatty and smoked meats. Long cooking together means the beans absorb the richness and flavours. Use any tasty meat which needs long cooking, or sausages. Include something smoked. The recipe here is based on Cassoulet de Toulouse.

Ingredients

A 16oz/450g packet of good quality white haricot or flageolet beans, 1 large onion, 3 cloves garlic, celery stick, large carrot, bouquet garni or equivalent herbs (thyme, bay leaf, basil), a mix of meats on the bone (e.g. smoked collar, duck legs, chicken pieces, pork shoulder, small lamb joint) and smoked garlic sausage. Could use confit.

Method

Soak then fast boil the beans. Drain and simmer (about 1.5 hours until tender - it is absolutely essential to get them soft at this stage) in a pan containing an onion, peeled carrot, celery stick, 3 garlic cloves, bouquet garni and collar skin or smoked streaky bacon and topped up with fresh water. Meanwhile pierce and part roast to brown any uncooked joints. Assemble meats excluding garlic sausage and confit in a flame proof casserole. Add the beans using a slotted spoon. Mix the strained bean liquor with a little mustard, herbs and seasoning and pour over to just cover. Bring to boil; simmer gently for 1.5-2 hours, 140°, moistening occasionally. 30 minutes before the end adjust liquid, add sliced garlic sausage and confit, optionally sprinkle with garlic bread crumbs. Remove the lid until the liquid recedes or top up if too dry. Raise to 180° 15 minutes before serving to brown the top. Remove the large pieces of meat and carve or strip from the bone. Recombine.

Variations:

Tomato sauce or puree can be added towards the end but I prefer the taste of the beans

Accompaniments:

None necessary!

Rice & Pasta 5.1

Types of rice

long grain, basmati	pilau, Jambalaya, general composite dishes
arborio, carnaroli	risotto
bomba, senia, albufera	paella
uruchimai	Japanese, Korean, Vietnamese, sushi

With all composite rice dishes it is important to match the cooking time of the rice to the meat, hence white rice with small pieces of chicken and brown rice for the longer-cooking raw chicken joints.

Typically use 50-75g dry rice p/p for a main course

Rice as a side

Here are two absorption methods. Always check rice to liquid ratio and timing against the packet; typical values are shown on the table below.

Ingredients

Typically 2oz/2froz or 50g/50ml Basmati rice per person, butter.

Method 1 - Absorption

Wash rice gently, (brown rice benefits from an over-night soak - the amount of water to cook is unaffected) and drain well. Place rice in a pan. Measure in the required amount (see table below) of cold water or stock. Bring to the boil, stir, then cover, turn the heat to low and simmer (see timings). At the end of the cooking time, remove the pan from the heat, still covered, and stand for 5 minutes. The surface of the rice will have small holes in it, this is quite normal and it should be fluffed with a fork before serving. A knob of butter can be added if desired.

Method 2 - Pilau, for a richer rice

Melt a knob of butter [or oil] in a large pan. [soften a little diced onion/garlic if desired]. Stir in the rice until the grains are fully coated. Add salted boiling water [or stock, spice], stir, cover and turn down to low. Simmer for the time given in the table. Tilt the pan to check there is no water left. Otherwise give another minute. Take off the heat and allow to rest for 5-10 minutes. [Could be completed in oven 165°, add 10 min.]

variety	rice	water	time
pure white Basmati	50g	100ml	12-15 minutes
easy cook white	50g	100ml	15 minutes
wholegrain Basmati	50g	125ml	25 minutes
easy cook wholegrain	50g	150ml	25 minutes

Rice & Pasta 5.2

Nutty: - cook 2 oz butter to nut brown. Add finely chopped onion then the drained rice. Cook to golden, then prepare with stock as normal. Or add chopped toasted almonds, pistachios

Spinach: - method 2, add well chopped spinach, and lemon zest with the finely chopped onion, sweat then add the rice and cook as normal. Finish with nutmeg

Vegetable: - method 2, add finely diced fennel, carrot, leeks, currants, mushrooms, peas, celery with or instead of onion, sweat then add the rice and cook as normal. Complement with herb or spice

Egg Fried Rice: - 16 oz (cooked weight) cold cooked rice. Create a stir-fry with chopped onion, chopped lean bacon/ham, [any prawns, diced pork, chicken, beef, chopped green vegetables, ginger, spices]. Add the rice and fry 5 min until hot; make a well in the centre and on low heat pour in 3 beaten eggs, cook 2 minutes before stirring in.

Lemon: - stir into hot rice 2 tbsp oil mixed with juice and zest of lemon, 1 tsp sugar and a little butter

Carbonara: - fry chopped bacon in the pan for about 5 minutes, add the butter and proceed as per Pilau method until cooked. Meanwhile mix 1 good tbsp crème fraiche with 1 egg and some egg yolks. Stir in the mix with some grated Pecorino and black pepper. Wait 1 minute and serve immediately.

Note

Jambalaya (jumble) is the Louisiana variation on Paella. It uses long grain rice, omits saffron and uses Cajun(country) or Creole(city) spices and is cooked in a deeper pan. Cajun spices contain more pepper while Creole contain more herbs. Paprika, garlic powder, onion powder, black pepper, Cayenne pepper, chili, basil, oregano, thyme, bay. You choose the combination. Creole uses tomato but Cajun doesn't

Rice & Pasta 5.3

Jambalaya

Ingredients

Cooked prawns, sliced Chorizo sausage, 1 onion sliced, 2 cloves garlic crushed, 2 sticks celery chopped, 1 pepper sliced, 1 chilli de-seeded & chopped, 6oz/170g white Basmati rice, 12froz/340ml chicken stock, ¼ tsp Cayenne, 1-2 tsp mixed spices, small tin chopped tomatoes, 1 bay leaf, salt & pepper. Paella

The ingredients here are generous for 4 people, fitting my paella dish

Ingredients

300g/10oz Valencia/Bomba rice, 1.5 tbsp olive oil, small pack unpeeled prawns for decoration, pack peeled prawns, pack of cook chilled mussels in shells, pack of chicken thigh fillets, chopped, 150g chorizo chopped, 1 large onion diced, 2 garlic cloves finely diced, 3 sticks celery diced, 1 red pepper diced, 8 baby plum tomatoes, pinch of saffron, tsp paprika, ¼ tsp hot smoked paprika, fish stock cube, pitted black olives.

Method

Heat oil in a wide frying pan/paella dish and fry on a high heat the chicken, adding the chorizo, onion, peppers, then garlic. Turn slowly until chicken is browned. Stir in the paprikas and celery. If done in advance transfer to storage and reheat when needed.

Dissolve the stock cube in 500ml/17.5froz water with the saffron. Add the rice to the hot/reheated pan and coat well for 2-3 minutes until opaque then add the stock. Add a further 500ml/17.5froz boiling water and stir all together. Leave uncovered to simmer gently for 10 minutes without stirring. Then add any raw prawns and lightly stir in. Meanwhile prepare the mussels if using. Leave 8 good ones in their shells and extract the rest. After another 5 minutes add extracted mussels, cooked peeled prawns and tomatoes to the pan and press into the rice. After 5 minutes check that rice is done and liquid absorbed. If not allow a little longer. Decorate with unpeeled prawns and mussels in shells, cover in foil and leave to stand in a warm place or in oven 170-180° for 5 minutes

Variations:

There are numerous variations on this dish. The original, Valencia, has butter beans or green beans with chicken and rabbit (or duck & artichoke hearts in summer). Seafood would not normally be mixed with meat. I have substituted celery/celeriac for the traditional green beans, but a tin of butter beans would do.

For two: oil, 1 small onion, 1 pepper, 1 clove garlic, ½ tsp fennel seeds, 100g celeriac/celery, 150g rice, 500 ml water, stock cube, saffron, small tin tomatoes, ¼ tsp hot smoked paprika, 1 tsp sweet smoked paprika, pack of cooked prawns/2 fillets fish, cooked & flaked, olives, baby spinach

Rice & Pasta 5.5

Kedgeree

Ingredients

170g/6oz Basmati rice, or 2 packs (500g) Tilda pre-cooked rice including one Pilau flavoured, 3 large eggs, 500g/18oz smoked haddock fillet or 3 portions, fish stock cube, 1 pack cooked prawns, 2 fresh bay leaves, 2oz/55g butter, 1 thumb-sized piece fresh ginger, peeled and grated or frozen diced, medium onion finely chopped, 1 clove garlic, peeled and finely chopped, 2 tsp curry powder, 2 tsp of coriander powder, a few strands of saffron, 2 tomatoes, chopped, juice of 2 lemons, 1 handful chopped parsley

Method

Cover the eggs in cold water; bring to a boil and simmer for 8 minutes, then cool under cold running water. Put the fish and bay leaves in a shallow pan with enough water to cover. Bring gently to the boil, cover and simmer for 4-5 minutes, until cooked through. Remove from pan and leave to cool. Alternatively microwave. Remove any skin from fish, flake into chunks, cover and set aside.

Melt 1 oz butter in a pan over a low heat. Add the ginger, onion and garlic. Soften for about 5 minutes, then add the curry powder. Cook for a further few minutes, then add the chopped tomatoes, saffron and lemon juice and set aside.

Cook the rice if not precooked according to pack using a fish stock cube. Drain well. If using Tilda packs, squeeze to break up the lumps. Stir well into the onion mix and allow to cool, covered.

Just before sitting down to eat peel and quarter the eggs. Add the fish, to the rice mix, and gently heat through with a knob of butter, on the hob or microwave 2 minutes, stirring occasionally. Add the prawns, parsley and black pepper and mix. Place in a warm serving dish and cover with foil. Place in preheated oven 120°C until needed. Rice & Pasta 5.6

Saffron Risotto

A comforting risotto traditionally made with beef marrow

Ingredients

340g/12oz risotto rice, 40g/1½oz butter, 1 finely chopped small onion, 1 glass/100ml dry white wine, 1.2 litres/2pts hot vegetable/chicken stock, 100g/4oz finely grated Parmesan, a generous pinch of powdered saffron

Method

Sauté the onion in 40g/1½oz of butter until softened. Add the rice and coat until translucent. Add one glass of dry white wine, and cook until evaporated. Add the hot chicken or vegetable stock and simmer gently uncovered, stirring occasionally.

In 15 minutes the stock will have been absorbed, the risotto cooked and creamy, yet retaining a desired bite in the centre. For a softer consistency add ladlesful of the hot stock one by one and simmer until absorbed, continuing until reaching the desired consistency. Finally stir in the saffron, butter, Parmesan cheese and serve. Beat for a creamy consistency.

Basic risotto

Always check rice packet for liquid ratio & time

Ingredients

250g rice, [80ml white wine optional], 1 litre stock, 2-3 tbsp olive oil/butter, 1 small onion, finely chopped, garlic optional, other vegetables, butter, Parmesan & black pepper to finish

Method

Saute the onion, vegetables and garlic in butter & olive oil in a large pan until soft but not brown. Meanwhile prepare hot stock. Add the **unwashed** rice to the vegetables and stir until well coated, before adding a splash of wine (optional) for the rice to absorb. Then add the **hot** stock ladle at a time until absorbed, stirring constantly over a low heat. To figure out when to add more stock, drag the wooden spoon across the bottom of the pan. If you can create a space in the rice, it's ready for more liquid. If you run out of liquid, switch to hot water from the kettle. Don't let the rice overcook – the grains should still be slightly firm. See packet, typically 18 min. Then, if using, stir in cooked fish, seafood, chicken and reheat. Remove from the heat and stir in more butter and plenty of grated Parmesan and serve immediately.

Couscous

Couscous is wheat semolina, coated with flour to prevent the grains sticking, traditionally steamed over a meat stew with chick peas, then used as a bed for the stew. Use easy-cook couscous. Serve with Ratatouille or stew

Ingredients

One 110g/4oz packet of easy-cook couscous for every two persons (lemon and garlic flavour go well with seafood etc.), 1oz/30g butter or olive oil – for other flavourings see below.

Method

Follow the packet instructions; e.g. bring a fixed quantity of water (typically 7 froz/200ml per 110 g packet, or use equal volume to the couscous) to the boil with the butter in a small pan and, 10 minutes before serving, stir in the couscous, bring back to the boil and stand covered for 5-10 minutes. Break up with a fork and if desired reheat.

Variations:

- Cook the cumin seeds, sultanas, pine nuts in the butter that is normally added to the water. Pour off the excess oil into the water as before. Stir the seeds etc. into the couscous before serving.
- Add in lemon zest and include the juice in the measured liquid; you may wish to sweeten with 1 tsp sugar

green/brown	keep their shape, salads, casseroles, stuffing	35-45
Puy	keep their shape, good texture, use as accompaniment	25-30
yellow (split)	also called split peas, use as red lentils	40-45

Test. Soaking can reduce cooking time. 1dry = 2.5 cooked. Per person allow 1.5-2 oz/40-50g dry or 4-5 oz/100-125g cooked.

South Indian Dosa

These thin pancakes are made from a fermented batter of ground black lentils (urad dal) and rice. It isn't a simple recipe but a reasonable attempt can be made with equal quantities of gram (chickpea) flour and wheat or rice flour.

Mix the flours, ¼ tsp baking soda and salt in a bowl with enough water to make a runny batter - far runnier than a pancake batter to make it fairly thin. Heat a griddle over medium-high heat. Pour about half a cup of batter into the middle and quickly, spread outward in a circular motion with the bottom of the ladle. It should be fairly thin to be crispy. Sprinkle or spray some oil around the edges. Cook until the top is dry and the edges are browned. Remove and stuff.

Ingredients

A 8oz / 225g mushrooms, 1 medium carrot, 3 oz / 85g broccoli florets, ½ small onion finely chopped,

B 2 medium garlic cloves finely chopped, 2 tbsp oil, 1 tsp smoked paprika and spices of choice, ¾ tsp salt, pepper,

Chop vegetables A, spread on a baking tray and bake for 20-30 minutes, turning over occasionally, and remove to a bowl only when the vegetables are just soft.

Pulse in the ingredients B, leaving plenty of texture.

Drain, rinse, dry and crush the beans, C, and add to the mix.

Veggie Loaf & Balls

Ingredients

1 large chopped onion, 3 garlic cloves minced, a carrot, a parsnip and a celery stick, 1 oz oil or butter, dark stock with 1-2 tsp yeast extract and/or soy sauce, 2 large mushrooms, 4oz/110g brown bread crumbs, 3oz/85g each finely ground pecans and almonds, 1 beaten egg.

Optional stuffings: Duxelles, stewed leeks, spinach purée & grated cheese, chopped tomatoes, cooked vegetable, boiled egg.

Method

Soften onion & garlic in oil or butter, finely dice and sweat vegetables and mushrooms until liquid has been evaporated (about 15 minutes). Add any herbs & spices, then stir in a dessertspoon of flour for thickening and finally bread crumbs, ground nuts and beaten egg. 0-6 oz/165g grated cheese can be stirred in. Add about 5fl oz/150ml of the stock mix to achieve a moist but stiff consistency and any other flavourings. Too much liquid and the inside will be sloppy, too little and it will be dry. If baking in a thin layer in a flat open tin use more liquid.

Brush a loaf tin with oil and line the base with nonstick baking parchment or **well greased** foil, extending the paper up the narrower sides of the tin. Sprinkle well with dried bread or biscuit crumbs, placing some nuts or sliced tomato or cooked vegetables for decoration. Fill with mixture, layering with any stuffing. Drizzle with olive oil and bake 190° for 45 minutes until coming away from the sides. (Allow 60 minutes if over 24oz/700g) Cool a little before turning out. To turn a loaf into a roast, shape in a loaf tin but turn out, coat with crumbs and bake in an open tin at 200° for 35-45 minutes, basting with oil.

Pale nut loaf: use 1 onion, 3 cloves garlic minced, 2 sticks celery diced, 2 parsnips, 2 leeks, lemon zest, 7 oz white breadcrumbs, 10 oz pale nuts, ground, 4 fl oz yoghurt & 2 eggs

Cheese & Nut balls: Use 8oz breadcrumbs, 8 oz nuts (pecans), 2 eggs beaten, soy sauce mustard, 6 oz Cheddar, grated.

Mix well, form into balls, optionally coat with sesame seeds and bake on a tray 180° 20-25 minutes.

Cheese & Spinach Omelette

Ingredients

For two: 5 large eggs, 1 oz /25g butter, 1 bag washed baby spinach, 1 oz /25g Parmesan cheese, finely grated, nutmeg.

Method

Shell the eggs into a bowl and combine well with salt and pepper using a balloon whisk without entraining too much air. Heat large (23cm diameter) frying pan and add half the butter. When sizzling add the spinach and stir, until just wilted. Remove with a slotted spoon and add remainder of butter to the pan. When bubbling, stir rapidly into the egg mixture and return the pan until very hot. Pour in the egg mixture and spread round the pan (by tipping the pan). After a minute distribute the spinach across the centre of the pan leaving two ends free. Grate over nutmeg then sprinkle over the cheese. Draw the edges of the omelette inward to allow the uncooked egg to reach the surface of the pan. When the omelette is cooked to your preferred amount (runny or not) fold the two free edges over the middle and slip the omelette out onto a warm serving dish.

Accompaniments:

Traditionally served with saute potatoes but this can be a bit greasy so toast or mashed potato or potato and celeriac would be preferable.

Heat the butter in a glass jug in a microwave about 1 minute until completely melted and hot. While blending the eggs, pour the butter in, in a thin steady stream, slowly at first. It should thicken]

Asparagus: Use the thin green asparagus which doesn't need peeling or peel the white variety. Hold each end of a spear and bend together until it snaps off at the base. There is a knack to this to ensure the break occurs at the point where the asparagus stops being stringy. Cook on its side in a steamer, 4 minutes or so. Test for done-ness.

Assembly: On warm plates serve a mound of potato and the asparagus and serve the Hollandaise and black pepper separately or pour around.

Variations:

Top with a poached or coddled egg.

Substitute or add baked sausages. (Rub sausages in oil and bake on a rack 30 minutes at 190° for 30 minutes, turning occasionally).

Fold in an egg white, whisked to a stiff peak, into the just made sauce. This helps to stabilise it.

Stuffed mushrooms

Mushrooms shrink as they exude moisture so go easy on the stuffing.

Ingredients

One large flat topped Portabello mushroom per person as a starter, two for main course, olive oil plus filling, or cream, tarragon and pepper

Method

Rub the mushrooms clean, trim round excess skin and pare down stalks carefully. Brush caps sparingly with oil and arrange on a foil lined baking tray skin side uppermost. Bake at 180° for 3 minutes then turn over and fill each cup with one of the following fillings and return until brown and base is soft to a skewer (typically 12 minutes):

Filling for 4 mushrooms: In a medium bowl blitz 1 large slice brown bread to crumbs and stir in lightly 1 oz/30g finely grated Parmesan, zest of a lemon, finely chopped ginger, parsley, and/or fresh basil as desired. In a small bowl mix 2-3 tsp garlic paste, a shake of ketchup and/or tsp English mustard, juice ½ a lemon, 2 tbsp or so olive oil and combine with crumbs. Add more oil if needed Spoon into the cups

Other fillings:

Spinach, Blue Cheese & Walnut:

3 oz/85g baby leaf spinach or 2 oz/60g cooked cavolo nero, ½ oz melted butter, 2 oz finely crumbled blue cheese, ½ - 1 oz finely grated Parmesan, thyme, soy sauce, nutmeg, pepper, 1½ oz/42g walnuts

● Microwave the baby leaf spinach (1 min?) or take the cavolo nero, squeeze dry and chop finely. In a medium bowl combine the melted butter, blue cheese, most of the Parmesan, the spinach or cavolo nero, a shake of thyme, a little nutmeg, a scant splash of soy sauce, and pepper. Spread evenly over the precooked caps. Finely chop the walnuts and sprinkle evenly over the filling. Add the remaining Parmesan and bake 12-14 minutes. There will be some exuded liquid in the tray.

Butter bean: In a blender combine medium tin of butter beans, drained, with one egg, a little cream and much seasoning.

Italian: Chop & combine the stalks, a small onion, 2 cloves garlic, parsley and thyme. Heat 4 tbsp olive oil in a frying pan and cook the mix for about 5 mins. Stir in 2 oz bread crumbs, 2 oz freshly grated Parmesan and seasoning. Sprinkle over the cups and drizzle with oil.

Aubergine Toppers

This produces a main course for 2 or a starter for 4. Needs 2h

Ingredients

2 young aubergines, slim variety

Marinade: 2 tbsp olive oil; ½ tsp balsamic vinegar [or ½ tsp wine vinegar/lemon juice plus 1 tsp runny honey]; 2 tsp garlic purée; 1 tsp tomato paste; ½ tsp fresh ground and sieved cumin seeds; sprinkling of finely chopped basil (e.g. Waitrose cooks ingredients) or Pesto; pepper.

Topping: 6 medium button mushrooms, sliced, tarragon; small tin chopped tomatoes or equivalent; 100g buffalo mozzarella or grated Cheddar; 1 tbsp olive oil; sprinkling of chopped fresh basil or Pesto.

Method

Combine the marinade in a small bowl. Cut aubergines in half lengthways, cut deep into the flesh without piercing the skin to form a diagonal grid pattern. Assemble cut side up on a piece of foil on a baking tray. Brush the marinade over the cut surfaces, well into the incisions and smooth any remaining marinade over the top. Cover loosely with foil, attaching it to the lower piece to form a loose parcel and leave while heating the oven, or longer if possible.

Place in a hot oven at 180° for 30 minutes. Meanwhile fry the mushrooms in a little oil. Optionally with tarragon.

Remove tray from oven and take off the top foil. Spread the tomatoes evenly over each half with the Pesto, and scatter the mushrooms and Cheddar (if using) on top. Re-cover and return to the oven for 20 minutes, increasing temperature to 190°. Check the aubergines for softness with a skewer and allow another 10 minutes if necessary. Then dot with pieces of mozzarella (if using) and drizzle the oil. Return to the oven uncovered for no more than 10-15 minutes.

Variations:

Any ingredients for a pizza topping can be used. For non-vegetarians add 3 rashers smoked streaky bacon, chopped and fried with dried thyme; A hint of chilli could be added to the marinade.

Quiche Lorraine

Whether you use bought pastry or make it yourself is up to you, but roll it out thinly. Replace bacon by another vegetable for vegetarian, bake in individual pots for starter.

Ingredients

Pastry: 6oz/170g plain flour, 3oz/85g butter, 1 egg, 2 tbsp cold water,

Filling: 6 rashers smoked bacon, 10fnoz/300ml double cream, 2 eggs & 2 egg yolks, with pepper and salt.

Method

Pastry: Cut fat into the sifted flour and rub in lightly with finger tips; touch lightly to aerate and avoid working the fat too far into the flour; shake the bowl to bring large pieces to the top. Alternatively cut in with a knife. Mix in the remaining dry ingredients. Mix the egg and water and stir in quickly but evenly with a blunt knife, using a cutting action. If all flour will not combine, add a little more water but don't over mix. Knead **just** enough to bind together. Allow to rest in a poly bag in the fridge for 30 minutes or more. Roll out and line an 8" greased and floured tart tin, preferably with a removable base. Rest in fridge while making the filling and prick base well with fork before using.

Filling: Dice and sweat the rashers of bacon until some of the moisture runs and evaporates and arrange on the bottom of the pastry. Beat together the double cream, eggs and egg yolks gently together and season well with pepper and salt. Pour over and bake at 190° for 20 minutes and 175° for a further 15 minutes or until the filling has just set. Serve hot or warm.

Variations:

Replace a proportion of the cream with the same quantity of cream cheese or creme fraiche.

Use yeasted pastry if you want authenticity

Use cooked ingredients to make any other kind of quiche

Cook the bacon until crispy and pour the fat into the egg mixture

For veggie use cherry tomatoes roasted at 180 for 20 minutes with olive oil, basil & garlic

Scrape onto a floured board or work surface, dust with flour and knead for 5 minutes; push down into the centre with the palm of one hand; grip with the same hand and push away to stretch. Fold back over the centre and repeat. Turn 90 degrees and repeat. When complete transfer to cleaned and oiled bowl, brush with oil, cover & rise to double - one hour or more.

Divide in two for two ten inch Pizzas. (Freeze one if not required.)

Preheat the Pizza sheet.

Knock back, knead for 2 minutes, shape and roll out between floured baking parchment to fit baking sheet, well covered in flour or cornmeal.

Topping: Spread with the paste or thick sauce and top with various chopped items, finishing with cheese, as desired.

Drizzle with olive oil, slide off the baking sheet onto the Pizza sheet, replace in the oven for 12 - 15 minutes at 200°. Check cooked through.

Thin bread - roll out Pizza dough very thinly between baking parchment; mix 3 tbsp olive oil with garlic puree or minced garlic. Brush over, scatter with chopped herbs and finely grated Parmesan. Bake for 10-15 minutes, 230° until golden. No need to prove.

Vegetable Methods 8.3

Boiling Vegetables

Put a large pan of water on to boil well in advance as it takes time, and prepare vegetables while coming to the boil.

Cook each separately with the same large open pan of salted boiling water, removing with a slotted spoon. Finish with the green beans as these leave a scum behind. If you need to cook in advance, refresh when cooked, in a large container of cold water to arrest cooking, and drain thoroughly as soon as cold. Cast the vegetable into the boiling water and when returned to boiling, lower the heat to just simmering and start timing, 2 minutes or so before the end of estimated cooking time, withdraw a piece with a slotted spoon or tongs and cut in half to test. If it cuts easily with just a hint of resistance try with the mouth. Repeat every minute until just done. In the case of broccoli throw in the stalks 2 minutes in advance of the florets. Typical cooking times see table.

Steaming Vegetables

Current thinking favours steaming to boiling to retain goodness and flavour. Scrupulously wash the vegetables before steaming and cut to desired size. Set a basket over a pan of boiling water. Add the vegetables according to cooking time and cover. Time from when steam can be seen issuing from the vent.

Finishing Vegetables

- Serve plain when accompanying fatty dishes
- With a knob of butter, spoon of creme fraiche or drizzle of good olive oil
- With Hollandaise or Mousseline sauce (See sauces)
- Hot or cold with a soy and sesame dressing (see oriental vinaigrette)
- To reheat from cold, toss in a little hot butter in a pan or (dry) in micro for 30-60 seconds, turning every 15 seconds; bake broccoli in hot oven dotted with butter and grated Parmesan at 180°.

Vegetable Methods 8.4

Vegetable Mash

Most vegetables can be used and the result is usually comfort food.

Ingredients

One or two of: broccoli spears, brussels sprouts, cabbage, celeriac, parsnip, peas, potato, spinach, swede, sweet potato.

Potato and celeriac or swede can be boiled together in acidulated water, but other vegetables are best cooked and mashed separately before combining. Use floury not waxy potatoes.

Method

It is usual to include a proportion of potatoes, but that could be substituted by sweet potato, yam or swede. Wash, peel and cut into regular pieces. Boil gently in a large open pan of salted water until **just** soft - typically 15-20 minutes for root vegetables. Strain well. If using several vegetables, combine them. Return to the hob and add 2 oz butter, 2 floz cream, 1 or 2 egg yolks, salt and pepper and mash well with a potato masher, stirring as it reheats until piping hot. In the case of stubborn vegetables such as sprouts or broccoli you may need to complete with a blender. Serve immediately in large spoonfuls or spread into a buttered oven proof dish, fork over the top, dot with butter and bake for 15 to 30 minutes at 190° depending on the thickness and the temperature of the mash before starting.

Variations:

Add spices and a little brown sugar to swede, grated cheese to potato. Bake with a layer of sautéed onion and mushroom or other filling.

Rumbledethumps

Ingredients

Chopped onion, leeks, cabbage, peeled potato and parsnips or swede

Method

Melt 1oz butter with a little olive oil in a large frying pan and soften the onion, leeks and cabbage, stirring occasionally. Simmer the potatoes and parsnips in salted water in a large pan until tender. Combine all and mash well, adding salt, pepper and more butter to taste.

Variations: After cooking, blend in a little milk and an egg, spoon into a baking dish and bake for 30 minutes.

Vegetable Methods 8.5

Roasted Vegetables

Ingredients

Carrots, celeriac, fennel, Jerusalem artichokes, leeks, onions, parsnips, peppers, potatoes, swede, young turnips also (below) broccoli, cauliflower, olive oil (or dripping for potatoes)

Method

Roots and tubers: Put on a large pan of salted water to heat while peeling them and cutting them into pieces. Cut potatoes into chunks, cut parsnips and carrots down the middle to expose stems. Cut peppers into halves or quarters and remove the seeds. Trim fennel and cut in quarters. Set the oven to 180-200°. When water boils, pour the oil into a roasting tin large enough to take the vegetables in a single layer and place in oven. Parboil vegetables for 5 minutes, drain, drive any moisture off, season well, shake in the pan to roughen the surface and improve the crust. Bring out the tin and add the vegetables distribute well and return. Turn every 15 minutes. Bake 45-50 minutes, basting and turning occasionally until soft inside and golden crisp on the outside.

Variations:

Roast new potatoes with olive oil lemon & herbs. Herbs, spices, seeds, a little butter or Parmesan can be added at the shaking stage. You could omit the parboiling without serious consequences.

Broccoli & Cauliflower

Break into even florets and cut in two lengthways. In a large bowl, add 3 tbsp olive oil and herbs or spices of choice plus seasoning. Stir in the vegetables to coat well. Add to a preheated roasting tin. Roast 190° 30-40 minutes, turning occasionally. 15 minutes before the end add any chopped garlic, grated Parmesan, bread crumbs if desired. The vegetables will shrink enormously and will be slightly charred but will have an intense flavour.

Note: aubergines and courgettes are better grilled - see grilled marinated vegetables.

Vegetable Methods 8.6

Stoved Vegetables

This technique uses a flameproof casserole to cook vegetables, covered, in their own moisture with just a dash of oil and butter; on the stove or in the oven; the smaller the sizes the quicker the cooking.

Ingredients

Any from the timing chart on page 4.5, individually or together.

Method

If using an onion or garlic, peel and chop. Peel or scrub roots and tubers and cut into equal-sized chunks. Cut peppers into halves and remove the seeds. Cut into equal sized pieces. Trim fennel, quarter and remove the root and cut into wedges. Pull cavolo nero off the stalks, cut crossways into 1 inch strips, rinse and pat dry.

Put a flameproof casserole with a tight-fitting lid on a medium heat and add a knob of butter and splash of oil. When hot, add onion and soften gently without browning (about 5 minutes), adding any garlic and fennel seeds part way through.

Set the timer to match the longest cooking vegetables, add them to the casserole with any flavourings (herbs or spices) to suit the mix.

Incorporate in the oil; cover and turn down to a low heat. When the timer gets down to the time required for the next longest ingredients add, stir quickly and re-cover. Continue for the remaining ingredients. Before adding courgettes, peas or spinach check for softness with a knife and if necessary add some more time. When nearly done check the liquid. If there is too much, partially re-cover only.

Variations:

A little tomato puree, stock or wine can be added.

Add cherry tomatoes for the last five minutes.

Cook faster to char the vegetables if desired.

Examples:

Sweetheart cabbage and peas with fennel seeds, tarragon.

★ omit the butter

Vegetable Methods 8.7

Steamed vegetable selection

Put the potatoes and cabbage into the steamer when water boils. Then add the celeriac, leek and parsnip, finally the beans, in accordance with the table overleaf.

When allotted time is up test with a skewer. Put the steaming trivet on a plate, season and serve.

Variations:

Ingredients

Any combination of fresh green salad leaves, sorted, rinsed and dried, olive oil, balsamic vinegar or lime juice, crushed garlic clove and Parmesan (optional), seasoning.

Options: Other green salad vegetables such as mustard & cress, halved radishes, sliced celery, sliced avocado pear, green olives. Cooked and refreshed green vegetables such as broccoli or peas [simmer or steam until just crisp then refresh in cold water and drain thoroughly, making sure that they are dry so as not to unduly wet the salad]

Method

Mix the olive oil in a large salad bowl with the garlic and a splash of balsamic vinegar. Throw the leaves on top. Add freshly grated Parmesan, salt and pepper. Just before serving turn the salad to mix in.

Oriental dressing

Ingredients

Adjust quantities according to size of salad. 5 tbsp olive oil, 1 tbsp balsamic vinegar, 2 tsp dark soy sauce, zest and ½ juice of a lemon, finely diced ginger, ½ tsp English mustard, crushed garlic clove optional, fresh chopped basil, parsley or other herb, salt, black pepper.

Cover with lid slightly ajar and simmer gently, turning occasionally until the pears are just tender, typically 10 minutes. Transfer pears to a container, cover and refrigerate until needed, up to 8 hours ahead. Reduce the poaching liquid to about a cupful, this takes typically 10 minutes, and store at room temperature. Choose only ripe ready to eat or poached fruit and a balance (five or six colours) or harmony (shades of one colour) of colours and textures.

The fruits should have enough moisture to combine with a hint of sugar to make its own syrup; otherwise dissolve some sugar in a little hot water or use a coulis or stock syrup, but allow to grow cold before adding.

Fruit salad can be served in a hollowed half melon.

In winter serve almost any fruit salad hot, but especially spiced fruit salads or any involving dried fruits. Just heat before serving.

Bread

Use plain dough for ordinary bread, pastry and rolls, enriched dough for buns and cakes

Ingredients

Plain dough: 12oz/340g strong brown or white flour, 1-1½ tsp salt, 1   tsp sugar, 1oz/30g butter, 1 sachet yeast, 7.5 fl oz/210ml* water or milk at 43° 112° F.

Enriched dough: 12oz/340g strong white flour, 1 tsp salt, 1 tsp sugar, 1 oz butter, 1 sachet yeast, 6 fl oz/170ml* milk at 43° (112° F) and a beaten egg. 

* Check flour packet – required liquid to flour ratio may vary

Method

Mix all the dry ingredients with micronised yeast. [Or add reconstituted dried yeast with liquids.] Add liquids all at once after warming to desired temperature - better to over-estimate liquid than under, typically one volume of water for three volumes of flour. See packet. Don't stir; draw up flour from the bottom of the basin with one outstretched hand - add more flour if needed. Knead for at least 10 minutes by hand.

Kneading is the biggest single factor in producing texture and rise and should be continued until the dough becomes smooth, resilient ball and no longer sticky. Place ball (oiled to prevent skinning) in a bowl and press flat, mark the height on the bowl with a marker, cover with poly bag and leave to double in size. The warmer the faster. Typically one hour warm or 12 hours in fridge, but slow rising makes better bread.

Knock back, roll up twice and form into desired shape with the seams at the bottom, place in baking tin, brush with oil and allow to rise a second time (prove) on the tin in a poly bag. Test with finger for spring. Brush and/or decorate top before baking. Salt water gives crisp crust, flour gives soft crust. Bake hot except where sugar or fruit might burn. When done the loaf should be brown and slightly shrunk from the side of the tin; a tap on the base sounds hollow. For a crisper loaf, longer at a lower temperature.

Variations:

Divide into 8 and form rolls. Decorate with cracked wheat, sesame seeds, poppy seeds and bake on a baking sheet 20 minutes.

More about yeast baking

Because yeast baking uses less fat than conventional baking it can be a healthy alternative

Yeast Pastry

Use enriched dough for sweet, plain for savoury. This is the traditional dough for a quiche. Mix dough and rise (do not over knead). Coat in flour and press into 9" tin. Press again in 30 minutes to 1" above rim.

Refrigerate & bake as short crust. Option: add zest 1 lemon.

No Knead Focaccia

500g strong white flour, plus extra for dusting, 7g dried fast action yeast, 2 tsp fine sea salt, 350-400ml tepid water, 5 tbsp olive oil, plus extra for the tin and to serve, 1 tsp flaky sea salt, leaves from a small bunch of rosemary, optionally chopped.

Tip the flour into a large mixing bowl. Mix the yeast into one side of the flour, and the fine salt into the other, then all together.

Make a well in the middle and add 2 tbsp oil and, gradually, 350-400ml tepid water, and stir for 2 min. Form into a ball and coat with olive oil to stop it drying out. Cover and store for 8 hours or overnight in the fridge. Fold the dough on itself up to 40 times and transfer to a greased baking tin 40 x 30 cm, spread out, cover and leave for 30 minutes. Heat oven to 200°.

Press fingers into the dough to make dimples. Mix together 1½ tbsp olive oil, 1 tbsp water and the flaky salt and drizzle over the bread. Push sprigs of rosemary into the dimples in the dough.

Bake 20-30 mins until golden and cooked through. While still hot, drizzle over 1-2 tbsp olive oil. Serve cut into squares.

Alternative flavourings:

Focaccia is often topped with olive oil, herbs and salt, as here. The oil preserves moisture in the bread and crisps the top. Alternatives include basil leaves, Parmesan, green onions, tapenade, garlic and butter, caramelised onions, pine nuts. Or add 2 dssp of sugar & a sweet topping - cherries, nuts, apple with a glaze of oil, water, sugar & salt.

The dough itself can be filled with sun-dried tomatoes, black olive slices, or cheese. Increase baking time if necessary

Wipe a medium pan and add a smear of oil. Get hot enough to make a drop of water sizzle before pouring enough batter from ladle to coat the pan, tipping to spread for pancakes, optionally in rings for drop scones. When the surface clouds over and bubbles appear, ease & turn with a spatula. Trial with the first will show the amount of batter, heat & cooking time. The first is never up to scratch. Re-oiling is avoided by the melted butter. Pancakes can be pre-cooked and stored, even frozen. Reheat in oven, pan or toaster as appropriate.

Use gram flour or 50% buckwheat or a proportion of corn meal; use 50% tomato juice with 2 tbsp paste; add 8 oz spinach puree; 2 mashed bananas; add ½ tsp turmeric, spices or herbs, 2 oz sultanas & zest; 2 tsp cocoa powder & 1 tsp vanilla extract; finely grated cheese.

Curry Sauce

For use with cooked meats and vegetables; for extra spice these can be marinated and/or cooked with a spicy paste.

Ingredients

2 onions and 4 cloves of garlic peeled and chopped, 1 inch ginger finely diced, 1 to 2 fresh red chillies seeds removed [optional], 2 peppers [optional], slug of olive oil, 1 level tablespoon of ground coriander, 1 level tbsp curry powder [or 2 level teaspoons of turmeric and 1 heaped teaspoon each of paprika and curry powder. 6 tbsp ground almonds, 2 x 400g tins of plum tomatoes, 1 chicken/veggie stock cube, 300ml boiling water, 2 x 400g tins of light coconut milk or tub creme fraiche.

Method

Best use a flameproof casserole. Fry onions, ginger and garlic on a medium-high heat in olive oil and cook for around 20 minutes, or until golden, stirring regularly. [Include 2 finely chopped peppers for a pepper flavour.] Add spices and cook for 2 minutes. Add almonds, then tomatoes, cube and water. Simmer for 5 minutes.

Stir in coconut milk and simmer for a final 40 minutes, stirring occasionally, then season and add the meat or vegetables. Reheat if necessary.

Variations:

Vary spices and thickening ingredients according to use.

Mamta's principles of curry-making:

1: Be generous with spices. Spices not only bring flavour but texture to dishes.

2: Decide how you are going to cook your onion, ginger, and garlic. This triumvirate provides the deep base flavour of most curries, equivalent to onion, carrot and celery in the French tradition. Soften them without colouring for a lighter curry or cook them longer and caramelize for something richer and darker.

3: Decide what is going to give your curry sauce its body. This will normally be one, or a combination, of the following: tomatoes; pureed peppers or chillies; yoghurt or cream; coconut milk; chopped spinach, or finely diced or pureed onion.

Quick Mayonnaise

Always make up fresh when required, and use fresh eggs

Ingredients

2 egg yolks from fresh eggs, 1 tsp lemon juice or wine vinegar, ½ tsp salt, ½ tsp dry mustard (optional), 240ml/8flox olive oil.

Method

Put the oil in a glass jug. Combine the yolks, lemon juice/vinegar, salt, and mustard in a storage jar. Pulse with the immersion blender a few times to break up the yolks. You may need to tilt the jar so the blender blade reaches the yolks.

With the blender running Add the oil a little at a time. Make sure each addition of oil is completely blended before adding the next. The mixture should start to thicken and lighten.

Once the first half has been added, you can add the rest more quickly. Add just as much of the oil as needed to reach the desired consistency; the more oil added, the thicker the mayo will become. If the mayo becomes too thick, blend in water, 1 tsp at a time.

Quick Hollandaise

Always make up fresh when required, and use fresh eggs

Ingredients

3 egg yolks, ¼ tsp mustard, 1 tbsp lemon juice, 125g butter

Method

In a serving bowl combine the warm egg yolks, mustard and lemon juice. Blend with an immersion blender for 5 seconds.

Heat the butter in a glass jug in a microwave about 1 minute until completely melted and hot. (It may sputter).

While blending the eggs, pour the butter in, in a thin steady stream, slowly at first. It should thicken. Serve immediately

Variations:

D Smith makes a more foolproof sauce replacing half the butter with creme fraiche and adding this first.

Sauce Bearnaise is made similarly but with a reduction including shallots, wine vinegar and tarragon.
